Subject: Chipping Congregational Church

With reference to planning application 3/2021/0461 and the above's application to site a plain cross on the gable end of Providence Chapel although I appreciate crosses and other symbols were not a regular feature of nineteenth century non conformist chapels of this type no one I spoke to in my role as pastor of the above or since could see why anyone would object to a cross being sited on a church and thought it entirely normal.

The proposal would appear to have wide community support and would in no way impact significantly on the austere aesthetics of the building.

Best Regards
