Your Comments: This application will raise the height of the fence to rear of our garden, in our opinion to an unacceptable level. I note the applicant mentions that it will be of a trellis nature and will 'let light through' but this is then somewhat mitigated given his aim is ultimately to grow roses on it. Given the fence for this property is already in excess of 3m above our garden as it stands... adding even more height on top of it seems excessive and will unquestionably reduce the light our property is exposed to.

In addition, I feel this plan will spoil the aesthetic's of the estate, which, baring in mind it will be clearly visible from Middle Lodge Rd would not be desirable to other residents, even those who do not neighbour the applicants property.
