Your Comments: I would like to express support for The application for the buck , it was rejected due to aesthetic internally & externally. If this pub remains empty the repair and damage on the aesthetic will need to be fixed anyway, so I cannot understand why you would reject any improvement to this building. Across the road you seem more than happy to not push the present owner to do any sort of maintenance on a grade 2 listed building. This council is really letting this village down with the lack of support to any type of village hub. Please support the new owners to make this a viable business. I feel many of the villages feel the same.
