

PLANN	
21 JUL 20	
FOR THE ATTENTION OF	

Dear Sir/Madam,

planning application No. 3/2021/0697
Kitchens, Bashall Eaves.

We wish to object to the above
planning application for the following
reasons:

The Applicant has provided a single
photo from one view point and states
that the development will be hidden,
in fact it is visible for most parts of
a quarter of a mile on the lane from
the village and as all the trees and
hedges surrounding the field are
deciduous, it will be on full view
and very clearly seen for a large
part of the year.

The proposed entrance is 6 metres
[REDACTED], the
road width is 3.5 metres. As elderly
citizens we are extremely concerned
about the noise and disturbance at
unsocial hours along with the

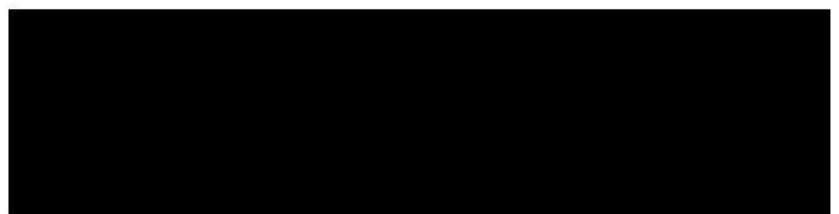

since from the muck trailer. We also have great worries about road safety, not just for ourselves but also the many cyclists and walkers who use this lane.

It is less than 12 months since this application was refused and none of the reasons for refusal have changed or been addressed.

This is a large development with an unsightly wagon and tractor park which will be visible to all who live and visit our lovely area.

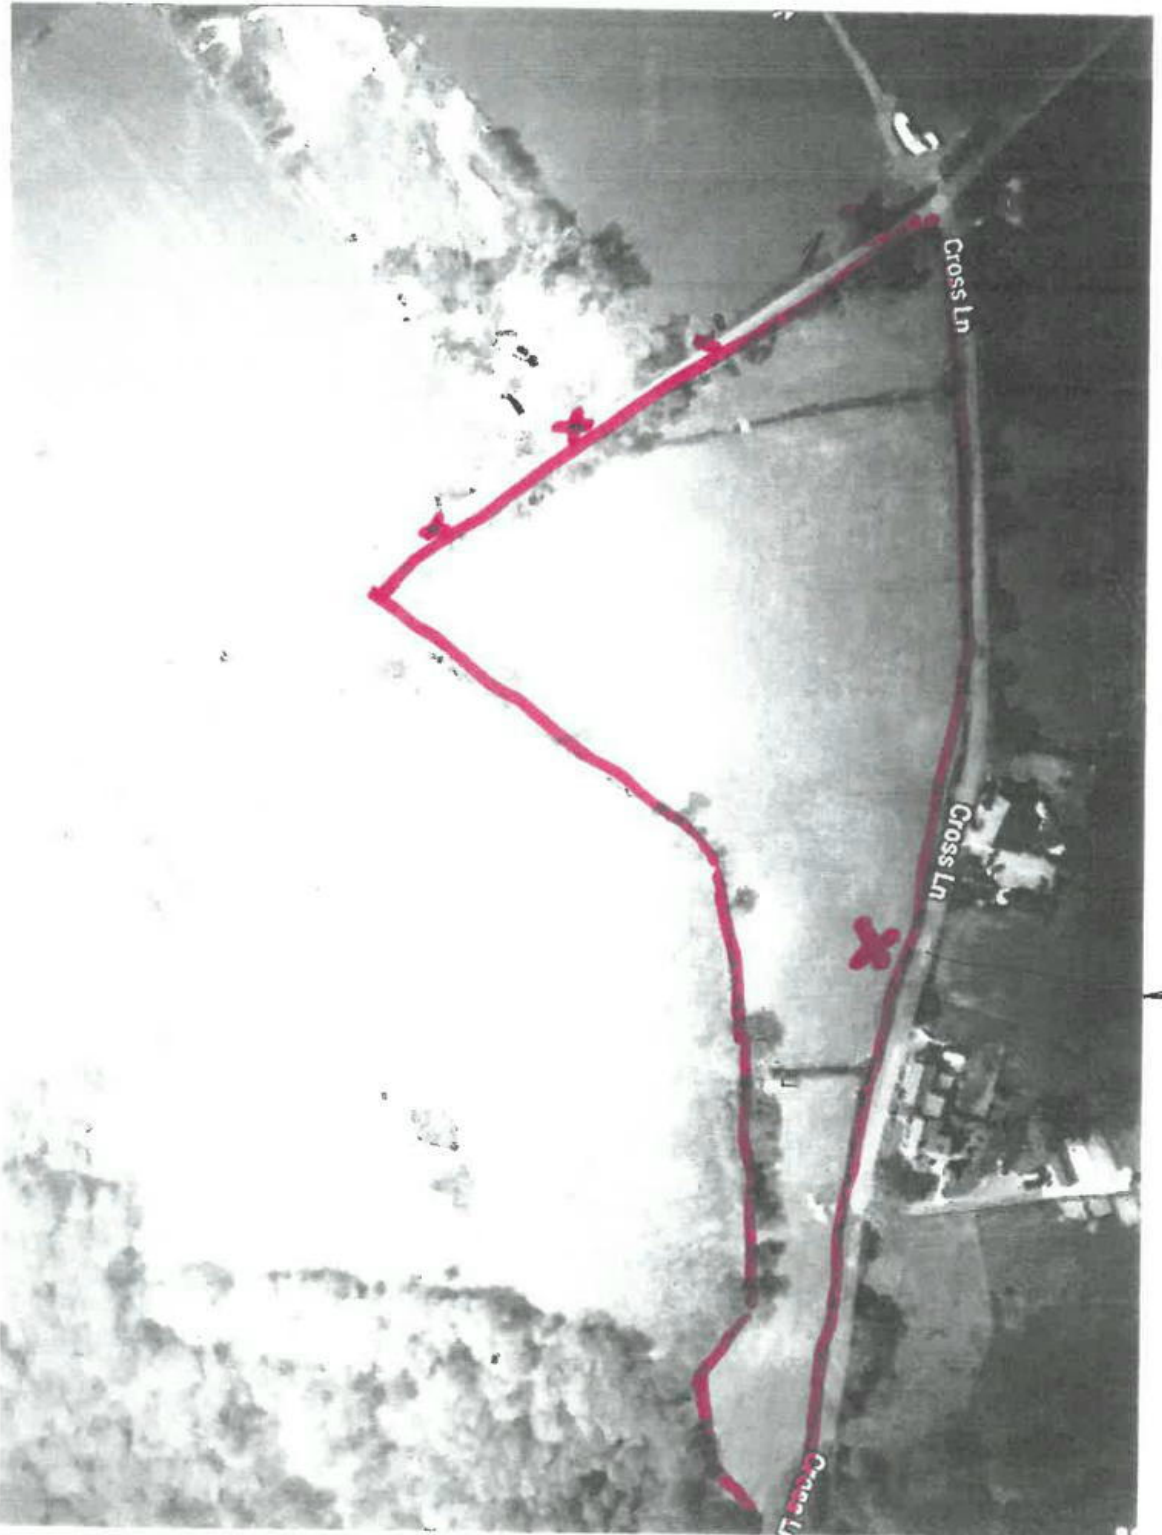

The character and appearance of such a development would create a very harmful impact on the landscape.

Yours faithfully

these photos
were taken
at different
view points
where marked
whilst walking
up the road.
