

## Rothesay Data Sheet – with and without Timber Enclosure

Distance from unit	Decibel at stated distance from unit. <b>(Without an enclosure)</b>	Decibel at stated distance from unit. <b>(With an enclosure)</b>
1m	42.5dB	37.7db
2m	41.2dB	35.6dB
3m	40.6dB	35.3dB
4m	40.3dB	35.2dB
5m	40.2dB	35.1dB
6m	40.2dB	35.1dB
7m	40.2dB	35.1dB

The above dB levels are based on normal operating noise.

The above noise levels are assessed against the noise of the unit and the timber enclosure only. Further noise reduction may be possible via further existing features i.e. the boundary fence.
