John

Further to our conversation today; - I have spoken with the applicant and confirmed the rear hobby room, to the rear, will be built as per the application drawings as part of this current project. Materials are as follows:

Render - K-rend Limestone White

Cedar Cladding - Silva Timber Products
19 x 137mm cascadia WRC TGV STK cladding
Product code - TKP 0106

<https://www.silvatimber.co.uk/wp/wp-content/uploads/2019/11/Grade-and-Quality-Description-Cascadia-Cladding-and-Boards-Final.pdf>

Contrary to our discussion; Roof Tiles - Quinn Rathmore Blue-Black Smooth concrete interlocking

If any of these proposals cause concern we are open to discussion. The windows will be dark grey powder coated aluminium.

Kind regards

Peter Bamber
