Merrick's Hall

(formerly listed under Hurst Green)

II

House, 1838 with C17th remains. Slobbered sandstone rubble with stone slate roof. 2 storeys with attic. South wall of 2 bays. Windows have plain reveals and projecting sills, the right-hand ground floor and the left-hand 1st floor windows still being sashed with glazing bars. The central plain stone door surround has '1838' incised on its lintel. The north wall has, to the left of the door, a 4-light mullioned window with chamfered head and rebated and chamfered jambs. 3 of the lights have very small diamond-leaded panes. Above is a 3-light rebated and chamfered mullioned window. To the right of the door is a cross window with an outer chamfer and an inner cyma moulding. Towards the middle of the wall, under the eaves, is a 2-light chamfered mullioned window with small leaded panes. Chimneys on gables.
