Dear Ben,

Application 3/2024/0737

The Forest of Bowland National Landscape supports this application.

The Farming in Protected Landscapes team has been working with the applicant and funding has been secured to fund 80% of the cost of the repairs via the FiPL programme. This is subject to Listed Building Consent and Bat Licences being approved.

The Farming in Protected Landscapes programme is a part of Defra's Agricultural Transition Plan. It offers funding to farmers and land managers in National Landscapes, National Parks and the Norfolk Broads.

The programme supports projects that:

- support nature recovery
- mitigate the impacts of climate change
- provide opportunities for people to discover, enjoy and understand the landscape and its cultural heritage
- support nature-friendly, sustainable farm businesses

The Farming in Protected Landscapes programme has been developed by Defra with the support of National Landscapes and National Park staff from across England.

It will run to March 2025.

Kind regards

NOTE: I work part-time and my working days are Monday, Tuesday and ½ day Wednesday
